Guy Barnett, Liberal Member for Lyons

## Murrakei Berry Fruits exciting expansion

“Today I was delighted to visit the Clarke family of Murrakei Berry Fruits at Red Hills, said Guy Barnett, Member for Lyons.

“Owner Gavin and his family were recipients of a grant from the State Government under the Regional Revival Fund which forms part of the Clarke’s multi-million expansion project.

“The poly tunnel project will increase the strawberry production at their existing farm and create further expansion into raspberries and blackberries. The project also includes construction of a new, improved cool store facility.

“Murrakei is another fantastic business creating jobs and supporting the local community in the Meander Valley, and I am delighted to be part of the Hodgman Liberal Government supporting such enterprises”, said Guy Barnett.
