

## Letter to the Editor

28 October 2013

Dear Sir

Labor Deputy Premier Bryan Green says (27 October 2013) "...from our perspective the government is actually performing very well".

Which state is he living in?

Based on the ComSec and other reports released last week Tasmania is coming last in terms of nearly all the important economic and social indicators, including having the highest unemployment in Australia.

Tasmanians have had enough of this dysfunctional government and deserve better. Bring on an election.

Kind regards,

**Guy Barnett**
