### THE FUTURE OF TRIABUNNA

15 October 2013

Dear sir

Labor candidate Mr Darren Clark has attempted to explain why Labor should not have suffered the massive 26% swing in Triabunna at the recent federal election. The forestry IGA which both Labor and Greens, federal and state supported said the Triabunna wood chip mill would reopen. It did not. The people of Triabunna have been duded big time. This agreement has locked up a further 570,000 hectares of Tasmania, closed countless businesses, and caused massive job losses in communities across Tasmania, especially Triabunna. Stop apologising for the inept former federal government and current state government.

It is true I believe Tasmania needs a majority government with an unequivocal growth, development and jobs agenda.

Bring on a state election and let the people decide.

Kind regards
