

Hi there,

**Youngcare's At Home Care Grants round for people living in Victoria and Tasmania closes in two weeks!**

**Applications for the current grant round close Friday, 10 April 2015** so make sure you complete your submission before the grant round ends.

Applicants can request micro grants of between \$2,000 and \$10,000 for essential equipment, home modifications and respite. Grants are available to people aged 18 to 65 living in Victoria and Tasmania with high and complex needs at imminent risk of entering aged care.

All applications must be completed and co-signed by a non-government organisation or service on behalf of individual clients as Youngcare are unable to give grants directly to individuals.

In this round of Youngcare At Home Care Grants, \$250,000 has been made available across Victoria and Tasmania to help young Aussies with high care needs live life with greater choice, independence and dignity.

Youngcare works to improve the lives of young Aussies with high care needs in every possible way, through building age appropriate accommodation, grants, the Youngcare Connect information and support phone service and world first research. [Click here to find out more.](#)
