

**20 September 2018**

**Guy Barnett, Minister for Veterans' Affairs**

## **Veterans Reference Group**

Veterans and those with an interest in the welfare of ex-service personnel are invited to register their interest in being part of a newly-formed Veteran Reference Group.

The Reference Group provides a crucial link between veterans and the Tasmanian Government, with members giving advice and insights on a wide range of issues facing Tasmanian veterans and current and ex-service personnel.

These issues include transition, business development and mentoring needs, mental health support and the needs of veterans from both recent and older conflicts.

The Tasmanian Government invites veterans, family members of a veteran or current or ex-service personnel, and people with a demonstrated interest in veterans' issues to express interest in becoming a member of the Reference Group.

The Government values diversity and encourages people with a range of backgrounds, skills and experience to apply.

Information can be found at [communities.tas.gov.au](http://communities.tas.gov.au) with applications closing on Friday 19 October 2018.
